CONNECTED COMMUNITIES
Courageously Collaborative

MACC 20th Anniversary Summit

BUILD Back BETTER

MACC is celebrating its 20-year Anniversary. Throughout our history, Metropolitan Alliance for Connected Communities (MACC) has created capacity for innovation in human services by bringing together diverse organizations, creating space for new ideas, and working together to create solutions to help human service organizations be more adaptive and make a greater impact.

Our annual Member Summit event serves as a vehicle for the critical conversations that build, strengthen, and inspire the work we do. This year's Summit BUILD BACK BETTER will span 3 days and include a national guest speaker. This virtual event, attended by over 100 members and stakeholders, connects unique member organizations with shared goals and challenges to overcome.

At the 2021 Summit event, we celebrate our work with members shored-up by support from sponsors and introduce the advent of Ask MACC. This program is a resource-rich initiative equipping member organizations with legal, HR, and financial expertise to navigate challenges precipitated by COVID-19 and the economic downturn. The program will create a centralized protocol for members to access technical assistance and counsel, develop an online FAQ section, and convene knowledge-sharing seminars via Zoom.
